- Research project purpose: Strengthening the overseas export base and creating jobs for small and medium-sized textile fashion and footwear companies
Application for market information and strengthening of planning, design, sewing and marketing capabilities to create
- Project period: '24. 1. 1 ~ '26.12. 31 (1-3 yrs)
- Application submission due: 24.03.12
- Project details and Funding

Project Name	Research project information	Fuding (KRW million)
Improvement of textile fashion technology and fashion industry	Global leading Application	9,440
	Promoting sustainable development	467
	Secure balanced stream competitiveness	3,600
Knowledge-based construction	Accelerate digital transformation	7,115

- Promotion system: Promoted in accordance with the ‘Ministry of Trade, Industry and Energy Integrated Management Guidelines for National Treasury Subsidies ’

I Current task status				
Research project name	Project Title	24 yrs Application scale (one million)	Period	note
Global leading application	① Strengthening K-Textile Fashion Stream Cooperation and Export Application	2,500	2 yrs	Announcement _ (RFP 1-1)
	② Global brand development	2,700	2 yrs	Announcement _ (RFP 1-2)
	③ Production and export Application for high value-added textile materials	4,240	3 yrs	Announcement _ (RFP 1-3)
Sustainable Promotion of development	① Application for green & clean factory transition	467	2 yrs	Announcement _ (RFP 2)
Balanced stream securing competitiveness	① Stabilization of spinning industry manufacturing process	500	1 yr	Announcement _ (RFP 3-1)
	② Strengthening the capacity of household textile products	1,000	2 yrs	Announcement _ (RFP 3-2)

ss	③ Digital innovation and revitalization of clothing manufacturing	1,850	3 yrs	Announcement _ (RFP 3-3)
	④ Customized human resources training for companies in demand for textile fashion	250	1 yr	Announcement _ (RFP 3-4)
digital Drive conversion	① Establishment of a rapid shoe manufacturing Application system	934	2 yrs	Announcement _ (RFP 4-1)
	② Activation of textile fashion big data network	990	1 yr	Announcement _ (RFP 4-2)
	③ Building a fashion creator collaboration platform	1,000	1 yr	Announcement _ (RFP 4-3)
	④ Building and utilizing textile expertise generation AI	1,200	1 yr	Announcement _ (RFP 4-4)
	⑤ Fashion tech activation and Research project model build	1,495	2 yr	Announcement _ (RFP 4-5)
	⑥ Establishment of textile manufacturing automation and digital foundation	1,496	1 yr	Announcement _ (RFP 4-6)
Total (14 tasks)		20,622		

Application eligibility and conditions
